The U. S. Environmental Protection Agency and the Farmland Industries Missouri Remediation Trust, with the agreement of the Missouri Department of Natural Resources, have reached a settlement on the performance of a Treatability Study at the subject Superfund Site. FIMRT owns property, known as the Gypstack Property that is the subject of the settlement.

Attached, please find a hard copy of the Administrative Settlement and Order on Consent and its appendices. Please sign and concur on the cover letter. The Respondent will execute the original document. EPA Region 7 will then issue and file with the Regional Hearing Clerk. The EPA will send the Respondent a copy of the fully-executed, file-stamped document for their records.

This ASAOC becomes effective upon the EPA's signature.

Dear Mr. Poplawski,

The U. S. Environmental Protection Agency and the Farmland Industries Missouri Remediation Trust, with the agreement of the Missouri Department of Natural Resources, have reached a settlement on the performance of a Treatability Study at the subject Superfund Site. FIMRT owns property, known as the Gypstack Property that is the subject of the settlement.

Please find a copy of the Administrative Settlement and Order on Consent and its appendices with this letter. The Trustee has agreed to visit Region 7 Headquarters Office in Lenexa, Kansas this Friday, March 4<sup>th</sup>, to sign the original document. Region 7 will then sign the original and file it with the Regional Hearing Clerk. We will send you a copy of the fully-executed document for your records. As you know, Mark Doolan is the Remedial Project Manager and can be reached at (913) 551-7169 for the next steps. This ASAOC becomes effective upon EPA's signature.

We appreciate your time and consideration during the negotiations on this ASAOC. Feel free to contact Jane Kloeckner at (913) 551-7235 should you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Mary P. Peterson".
